

RYAN WHITE HIV/AIDS PART B SERVICES
(BI-ANNUAL RECERTIFICATION SELF-ATTESTATION Document)

Alabama's Ryan White HIV/AIDS Part B Services Program enrollees are required to complete the RWHAPB Services Eligibility Determination Process twice a year or every six months with a full RWHAPB Services Eligibility Determination application annually.

All RWHAPB Service clients must recertify twice a year or every six months to remain eligible for RWHAPB services.

If the client had any changes to RWHAPB Service eligibility requirements (i.e. residency, income, other insurance, etc) please attach updated documentation.

- According to HRSA - Self-attestation of eligibility criteria may be utilized during a six month recertification process if it fulfills the State/Territory's requirements for verifying an individual's income status, residency status, and insurance status. If the client reports any changes to eligibility criteria, the recipient must obtain documentation of the changes, and their impact on the client's continued eligibility for the Alabama's RWHAPB program.

(Self-attestation verification can be either face-to-face, email, secured fax or by telephone during RWHAPB Services Bi-Annual Client Eligibility Review (CER). For telephone verifications please date and write per client's authorization next to the client signature line on this form along with any documentation changes.)

In the past 6 months have you had any changes to RWHAPB Services requirements?
Yes _____ No _____

Client Name (Print) _____ Date _____/_____/_____
