DAY ONE

SATURDAY APRIL 6 2013

8:00 A.M. – 5:00 P.M.

BASIC 12 LEAD CARDIOLOGY: *Multi-Lead Medic; 12 Lead ECG Interpretations.*

This course covers: Proper Lead Placement, Axis and Hemiblock Determination, Bundle Branch Blocks, Differentiating Wide Complex Tachy-cardia, Myocardial Infarction Recognition and the use of a **15 lead ECG**. The course includes handouts with practice problems and handy charts for rapid use in the field. Participants in the program will read about 200 12-lead ECG's, gaining both experience and confidence in their newly learned skill. There is also web site support for participants of the course for continuous competency and feedback from the instructor. The seminar is delivered as a state of the art computer presentation enhanced with sound, graphics, animation, music and video clips.

DAY TWO

SUNDAY APRIL 7 2013

8:00 A.M. – 5:00 P.M.

ENHANCED 12-LEAD CARDIOLOGY:

Topics in the enhanced course include a review of the basic MLM material, AMI diagnosis in the presence of a LBBB, Atrial and Ventricular Hypertrophy, Drug and Electrolyte changes, Acute Coronary Syndromes and Case based presentations.

Capnography: *Now the "Standard of Care" in Emergency Care.*

In this informative session Bob reviews the A&P of the respiratory system and explains through the use of multi-media and audience involvement, the role of capnography in cases of cardiac arrest due to COPD, from seizures to shock, in fact anyone with a problem with ABC's should have continuous monitoring of ETCO2 and waveform.

Bob Page

Multi-Lead Medic is the trademarked 12 Lead ECG interpretation workshop developed by Bob Page, AAS, NREMT-P, CCEMT-P, I/C.

Bob Page is an internationally known speaker, instructor, author and paramedic. He has presented seminars across the United States, Canada and Europe. He is recognized for his energetic, humorous and motivational style, and takes ordinarily dry and hard to teach topics and transforms them into a fun learning experience.

Bob has been an instructor for over 3 decades teaching a variety of adult education courses from customer service to advanced medical care. He is a nationally registered and critical care Paramedic. He has been involved in EMS since 1978 when he became a CPR instructor, and now manages his own company. Bob was the Director of Emergency Care Education at St. John's Regional Health Center in Springfield, Missouri and has taught at all levels of EMS and nursing. He has earned a faculty appointment at the University of Maryland, Baltimore County and is a guest instructor at Southwest Baptist University's College of Nursing.
