## Course Information

Overall Objective: Sharpening the Edge of Professionals working in the field of Forensics.

Objectives : at the end of this conference, participants will be able to:

1. List the specific health care and legal needs of a forensic victim.
2. Identify the need within community planning for disaster relief, to include caring for victims of violence .
3. Provide information via toolkit for self-care (vicarious traumatization).
4. Describe wounding and healing of types of injuries.
5. Define subjective and objective documentation and its legal importance.
6. Discuss current laws, testifying strategies, and what is meant by Expert Witness.

## General Information

**Refunds/Substitutions:** if cancellation is received, in writing prior to April 14, 2012 a refund minus a \$20.00 processing fee will be given.

After April 14 2012 no refund will be given. The Committee also reserves the right to make speaker or topic substitutions as necessary.
