State Health Officer Dr. Thomas M. Miller announced today the reopening of portions of Mobile Bay that were temporarily closed to the harvesting of oysters on April 10, 2017. This includes Portersville Bay and Heron Bay. The order was effective at 10 a.m., April 20.

All public oyster reefs are managed by Alabama Department of Conservation and Natural Resources Marine Resources Division (MRD) for harvest. Catchers are reminded to check with MRD for information regarding areas open for harvest.

The Alabama Department of Public Health will continue to monitor bay waters and shellfish to ensure bacteriological safety.

For additional information concerning the opening, contact Byron Webb, Alabama Department of Public Health, in Mobile at (251) 433-2428 or (251) 331-3447.
