Does the State's Pandemic Plan include a method to determine risk to prioritized essential CIKR resources and services by combining potential direct and indirect consequences of an influenza pandemic (including seasonal changes in consequences, and dependencies and interdependencies associated with each identified asset, system, or network) with known vulnerabilities?	Alabama's Pandemic Influenza Operational Plan, July 9, 2008, page(s) 170, As a result, the Fusion...		3	
In collaboration with appropriate public- and private-sector partners; has the State identified all the CIKR delivered "essential" resources and services necessary to sustain the nation's social and economic well-being?	Alabama's Pandemic Influenza Operational Plan, July 9, 2008, page(s) 170-171, The EOP, using the National ...		3	
Has the State identified, all CIKR delivered "essential" resources and services to ensure appropriate and timely allocation of limited government and private sector support in order to mitigate vulnerabilities and consequences?	Alabama's Pandemic Influenza Operational Plan, July 9, 2008, page(s) 171, In progress - The methods of ...		3	
Has the State assessed all CIKR delivered "essential" resources and services to ensure appropriate and timely allocation of limited government and private sector support in order to mitigate vulnerabilities and consequences?	Alabama's Pandemic Influenza Operational Plan, July 9, 2008, page(s) 171, In progress - The methods of ...		3	
Has the State prioritized all CIKR delivered "essential" resources and services to ensure appropriate and timely allocation of limited government and private sector support in order to mitigate vulnerabilities and consequences?	Alabama's Pandemic Influenza Operational Plan, July 9, 2008, page(s) 171, In progress - The methods of ...		3	

Is there a mechanism in place to identify those individual or networks of public- and private-sector CIKR assets in a State that are most likely to be affected and most vulnerable during a pandemic, and thus may require special attention and support?	Alabama's Pandemic Influenza Operational Plan, July 9, 2008, page(s) 171-172, Representatives from State agencies have...		3	
Is there a mechanism that designates the State and private sector response and recovery roles and responsibilities necessary to maintain the delivery of essential resources and services during and after a pandemic influenza outbreak?	Alabama's Pandemic Influenza Operational Plan, July 9, 2008, page(s) 172, Representatives from State agencies have...		3	
Has the State identified mission critical personnel (specifically, personnel that work with CIKR or high consequence systems) to participate in government- or private-sponsored CIKR response and recovery programs (i.e., credentialing programs)?	Alabama's Pandemic Influenza Operational Plan, July 9, 2008, page(s) 172, Each ESF is required to develop ...		3
